

Registration Tips

2024-03-01

I. **Make sure you can log into the site with your phone.**

It's Wednesday afternoon and you might find yourself away from home, maybe in your car and you realize or decide that you can't play. Be sure you can log in from your phone so you can take a Bye.

You must request the Bye before 7:15 pm on Wednesday.

II. **You need to take a Bye but are not sure how to.**

Please read our page:

- [About Byes and Forfeits](#)

III. **You want to join the club after having registered as a non-member.**

- As a non-member you paid \$42 to register and play this month.
- A club member would have paid \$40 to join the club for a year and only \$32 to enter this month.

The math:

- $\$40 \text{ club membership} + \$32 \text{ Entry Fee} = \$72.$
- You paid \$42 Entry Fee so the difference is $\$72 - \$42 = \$30$

Send \$30 to Purchase@MetroWestChess.org and we will set up your club membership

Next time you register for an event, you'll be offered the lower price as a member.

IV. **You didn't pay for entry yet, joined the club but it won't let you enter at the member price.**

This is like deciding to buy something from Amazon, putting it in your cart, then joining Amazon Prime to get the free shipping. The cart doesn't know you joined.

On the NACHessHub site, withdraw your unpaid registration (empty the cart) then register for the event again and you will see the member pricing.
